

asence INC. has several product lines sold worldwide that represent our impressive therapeutic range

● Profile	01
● Board Of Directors	02
● Contact	03

Asence INC. is a US-incorporated company that specializes in the supply of quality pharmaceutical preparations (Finished Dosage Forms and Active Pharmaceutical Ingredients) to international markets.

Asence has a wholly owned subsidiary company in India – Asence Pharma Private Limited – that manufactures several key Bulk Actives and Finished Dosages.

Asence is also associated with the "SARABHAI" group of companies in India and is the exclusive exporter of India 's pharmaceutical conglomerate Ambalal Sarabhai Enterprises Limited (ASE).

Asence began its quest in the year 2003 and today has evolved into a specialty pharmaceutical company focused on developing, manufacturing and marketing brand and generic pharmaceutical products utilizing various drug delivery technologies: solid and liquid dosage forms, parenteral, oral controlled release, creams and ointments.

Asence through its operations in USA and India markets, distributes pharmaceutical preparations in more than 40 countries worldwide and has more than 100 registered products internationally with an impressive pipeline and capability for development of new medicines. Asence today has the ability to develop, register and supply key upcoming molecules from its subsidiary company's plants in India.

Asence is also closely associated with other manufacturing plants in India and China and sources and supplies key niche products to USA markets as and when it receives an enquiry from clients.

Asence ensures that production carried out by its manufacturing partners is in accordance with cGMP guidelines and arranges for regular inspections by Food and Drug Administrations of various countries.

We invite you to become familiar with our product range and share in our purpose of enriching human lives.
